

30 April 2016

Through Principal

Dear Parents/Guardians,

Reminder: Launch of new communication channel – MCO Connect Mobile App

In Term 1, the school launched the use of a new communication channel, the MCO Connect Mobile App by Marshall Cavendish Education. This app replaced last year's communication app, SNAAPP.

This communication app aims to disseminate timely class or school-based information to parents/guardians, as well as notify parents/guardians if their child is absent from school. As we move towards being an environmentally-friendly community, the school aims to minimise the use of printed letters. We will eventually rely on the MCO Connect Mobile app as the main platform for communication to parents and guardians. To ensure that you receive timely information, please install the MCO Connect Mobile app if you have yet to do so. The steps to install the app are as follows:

1. Download the MCO Connect Mobile app from iTunes store (for iOS phones) or Google Play Store (for Android phones).
2. Select **user type** (Father, Mother or Guardian)
3. Enter the following information:
 - a. Login ID: Your child's Birth Certificate or Student ID number
 - b. School ID: DZPS
 - c. Password: dzps2016t2
4. Click **Register**.

If you have more than one child in the school, please follow these steps to add accounts:

1. Tap on the '+' icon to create multiple accounts on your device.
2. Proceed to register again just like your first account.
3. Your multiple accounts will then be displayed.

A quick visual guide for registration is attached with this letter. Please refer to the school website (<http://www.dazhongprisch.moe.edu.sg>) under 'Quick Links' for the detailed user manual for the MCO Connect Mobile app.

The school will continue to post all letters to parents and guardians on the school website under 'Parents' Hub'. Please ensure that you download and register your account on the app by 15 May 2016.

Thank you.

Yours Faithfully

Miss Uma Vignesvare

ICT Coordinator
