

25 January 2017

Through: Principal 

Dear Parents/Guardian

FLEA MART 2017

At Dazhong Primary School, we aspire to nurture our students to become socially responsible and develop their sense of belonging and commitment to our community. We seek to develop in our students the value of service and lasting friendships with one another as they actively participate in community service.

Our Flea Mart will be held from 8 March 2017 to 10 March 2017 during recess time (in Term 1 Week 10, Wednesday to Friday).

The objectives of the event are:

- 1) To raise students' awareness and empathy for the dialysis patients of the National Kidney Foundation (NKF);
- 2) To develop ethical and respectful minds as the students contribute used items and understand that everyone has a role to play in saving the environment; and
- 3) To educate students on the importance of doing their part for the society and saving the environment by contributing useful items that can be sold.

Students are strongly encouraged to contribute a range of items such as photo frames, knitted pouches, stationery, books, toys and bags. These items should be in good and clean condition. They will bring the items and place them in the boxes with the CCE Leaders in **Term 1 Week 5** during recess.

During the actual days of the event, the CCE leaders will set up booths for sale of the items during recess. Prices of items range from **\$1 to \$5**. Students will use coupons valued at \$1 and \$2 to buy their items. All proceeds from the Flea Mart will be used to purchase Artificial Kidneys for the patients of NKF. There will be **NO** refund for unused coupons.

We look forward to your continued support as we work closely together to nurture our students into self-directed learners who are gracious, resilient and serving beyond self.

Yours faithfully

Mr Heng Chee Kiang
Environment Projects Coordinator
Character & Citizenship Education
